The Cash System. After mature deliberation the Publishers of this paper have determined to adopt the CASH SYSTEM. They have been led to this step by the heavy losses experienced from debts scattered throughout the State, which they have been unable to collect, the necessity which compels them to pay cash for labor in the printing office, for paper and other supplies, and the general adoption of the system on the part of leading houses in all branches of trade and industry. The cash system, necessary to protect us, will also be beneficial to punctual subscribers, inasmuch as it will rid us of the expense entailed by non-paying subscribers, and enable us to reduce the price of our weekly paper. From this date, therefore, we shall enter the name of no person on our books as a subscriber, unless he pays for his paper in advance. And on the 1st day of July next, we shall erase from our subscription lists every name not paid in advance. Our weekly paper will be two dollars per annum. Those who have already paid in advance beyond the 1st day of July, 1861, will be allowed the benefit of this

reduction from that date. Parties remitting money to us on account of subscriptions, if they desire it, can deduct the amount paid for postage.

We shall keep this notice standing in our columns until the 1st of July, and, on that day, rase every delinquent from our list.

GEN. WASHINGTON BARROW.-It will seen, upon reference to the card of Gen. BARROW, which we publish this morning, that he declines to become a candidate for Congress, preferring to retain the position he already occupies. As a representative in Congress, he might have been of great service to the State, and to the Confederate States. His alry, eminently fit him for usefulness on such a theatre : but he can find employment for them in the lesser field, where his constituents will be glad to avail themselves of his services again.

Gen. Jas. M. Quartes announces himself a candidate to represent this district in the Congress of the Confederate States. His card will be found in our paper this morning. If chosen, he will discharge the duties of the office with ability and discretion. He is a true man, and may be relied apon in any contin-

Th'E LETTER EXPRESS .-- The House of Representatives yesterday passed a bill incorporating a Letter Express Company from this city to Loui wille. The incorporated parties came with the highest recommendations from both these citites, and are trust-worthy in all respects. We hope the Senate will concur with the action of the House, as it will afford a very great convenience to the citizens of Middle Tennessee, and other portions of the State, in their commercial and social intercourse with Kentucky.

THE CITY PUBLIC SCHOOLS.-The scholastic year of the city schools closed on Wednesday last. They will, we understand, open as usual in September. A number of the teachers hitherto employed will probably seek a climate more suited to the constitutions of those who have an anti-Southern propensity during the vacations. It is possit le, not to say probable, that they will not return, and that the schools will be re-organized so far as this portion of the teachers are concerned. We have no sort of doubt that a sufficient number of acclimated persons can be found to fill all vacancies thus occurring, and the schools will go on as formerly, with a slight improvement. The late Superintendent. Mr. PEARL, advertises his property for sale in this morning's paper, and is understood not to be a candidate for re-election .-We are pleased to learn that Prof. NATHANIEL Cross is willing to accept the position thus vacated, and we can speak from personal and experimental knowledge in saying that if he should be elected to that position by the authorities, the public will lose nothing by the change. He has devoted his life to teaching, and is, as a scholar, gentleman and instructor, equal to any man in the country. We trust that the public schools may be continued and that they may have the advantages of his emineut abilities and scholarship in their management.

Hickman County.

At a meeting of the citizens of Hickman county, held at the Court House in the town of Centreville, June 22d, 1861, irrespective of party, Lewis P. Torry was unanimously called to the chair, and JOHN W. HORNBEAK. E-q., was appointed Secretary. Whereupon SAMUEL H. WILLIAMS offered the following preamble and resolutions, which were read and unanimously adopted :

Whereas, a political commotion and ex-excitement unparalleled in the history of this country at any previous period now exist, in consequence of which the State of Tennessee, acting in her sovereign capacity, has seen proper to change and materially alter the political relations between herself and the o called United States of America, and to furniture, and merchandise become create and contract new political relations with the Confederate States of America; and whereas great military preparations for the defence of the State of Tennessee have been made under the immediate able and wise sufine talents, industry, and energy, and chiv- pervision of our present gallant and patriotic Governor, Isham G. Harris, all of which foresaid events and circumstances are imp tint matters to the citizens of Tennessee. Be

it, therefore, Resolved, That in the present critical times, Isham G. Harris, our present Chief Executive, is, in our estimation, the right man "in the right place," and ought to be again placed in the gubernatorial chair. That we unanimously, fully and heartily endorse his past course in this great struggle. That we earnestly request Governor Harris to place his before the people of Tennessee as a candidate for re-election, pledging ourselves for the county of Hickman to give him a cordial aupport in the coming election.

Resolved. That the Nashville Umon and Amer

ican, the Patriot, and Columbia Herald be requested to publish the resolutions and pro eedings of this meeting. LEWIS P. TOTTY, Chairman.

JOHN W. HORNBEAK, Secretary. We have heard of an incident connecte with the battle at Bethel, which should go to the world, as indicating the character of the men who have taken the field in defence of the liberties of the people of the South. During the action in question, one of the Virgi-nia companies commanded by Capt. John S. Walker of Richmond-son-in-law to the late Capt. JohnM . Otey, of this city-occupied position of great peril as a corps de reserve, in which, though exposed to the shots of the enemy, they were not allowed to participate in the defence. When the battle was ended, Capt. Walker's company received orders to fall back upon Yorktown, and, early in the march were daawn up before their commander, who addressed them upon the incidents of the day, and adverted to the wonderful man-ner in which they had been preserved; ascribing their deliverance to the Lord of hosts. The Captain then proposed that they should return thanks to their Almighty Protector, who had shielded them in the time of battle: and there, in presence of the kneeling bosts, esting upon their arms, and in God's own emple of the earth and sky, he sent up such thanksgiving and supplication as melted every heart. WITH WOOD'S IMPROVEMENT.—This celebrat VV Machine received the first premium of a Grand Gold Madal, as the best combined Reaping and Mowdensome for five years, having applied to several physicians who could give me no relief, and trying all kinds of medicine I could get, which was recommended for old sores. All seemed to fail. I gave up ever being cured, and wished for death to relieve me of my misery. For many months my limbs pained me to that extent I could get no sleep, until my father, who, being cured of a severe Rheumatism by the Indian Doctor, at No. 100.
